

#### **34. AWARD WINNING STREETS – REQUEST FOR SUPPLEMENTARY FUNDING**

The Board considered a report from Neiel Drain, Chairman of the Christchurch Street and Garden Awards Committee, advising of the Street and Garden Awards Scheme and the proposed Special Street Awards for the Millennium Year, and seeking support for this project, including funding towards costs.

The Board considered recommendations outlining the concept of providing Year 2000 Millennium commemorative signs for the winning street and cul-de-sac in the Community Board area together with certificates for each householder of the winning streets and a request for funding to support this project.

The Board did not support these recommendations.
