

29. BURLINGTON STREET/GASSON STREET TRAFFIC MANAGEMENT

The Board considered a report to be considered by both the Spreydon/Heathcote Community Board and the City Services Committee outlining feedback received from a leaflet drop in the Burlington Street/Gasson Street area outlining proposals to alter road markings along these two streets to accommodate an extra traffic lane and to provide cycle lanes.

The Board **resolved:**

1. That the information be received.
2. That the Board support the Traffic Management Scheme proposed for Burlington Street and for Gasson Street.
