

**10. WATERWAYS AND WETLANDS
ASSET MANAGEMENT STRATEGY**

RR 10862

The Water Services Manager reported seeking confirmation of the approach to be used for the adoption of the asset management strategy for Waterways and Wetlands prior to the October 2000 budget round.

The Committee **decided**:

1. That the project area approach and the reporting sequence for the development and adoption of the Strategy for Waterways and Wetlands described in the report be adopted.
2. That the 2000/2001 budget proposals, including additional planning and investigation staff requirements, be received.
