

**10. AWARD WINNING STREETS
REQUEST FOR SUPPLEMENTARY FUNDING**

The Board was in receipt of a report from the Christchurch Street and Garden Awards Committee, seeking financial support to allow for year 2000 millennium commemorative street signs and householder certificates.

The amount sought, per Community Board, was \$600.

The Board **resolved** to contribute the sum requested, from its 1999/2000 discretionary fund. It also concluded that the funds sought by the Committee should have been included in the original operational budget prepared for consideration by the Metropolitan Grants Committee.
