

14. REVIEW OF ADVERTISING ON BUS SHELTERS POLICY

A report from the Senior Planner, Environmental Policy and Planning Unit, and the Road Assets Manager, City Streets Unit, advised of the review of the Council policy relating to Advertising on Bus Shelters. It was agreed that there was no issue with advertising as long as the content was appropriate and there were benefits both to the users and the Council from the high standard of the shelters. The Board **decided** that it convey its support of the change in policy to the Council Units concerned.
