

19. TURNING POINT 2000 PROJECT – CANTERBURY HIGHWAY 2000

A report and a presentation by the Landscape Architect, Environment Policy and Planning Unit, informed members of a proposal to carry out enhancement planting on SH1 at Belfast and the roundabouts at Sawyers Arms Road and Memorial Avenue to celebrate our entry into the year 2000. Treatment at the 'Gateways' to the city and roundabouts on SH1 was receiving priority. Members requested that consultation be carried out with affected groups and residents, and possible partnerships formed to work on the concepts in conjunction with City Streets Unit staff. The Board **received** the information, noting the proposed publicity programme and asked for a further report to be brought back to a future meeting.
