

17. GENERATIONS IN THE PARK

RR 10828

The Board considered a report informing it of the “Generations in the Park” concept, and requesting support for an event to be held in a park in the Board’s area in the 2000/01 financial year.

The Board **resolved**:

1. To consider incorporating the Generations in the Park “Through the Decades” theme in an existing Sweet Suburbia event in the year 2000.
2. To continue its representation on the Generations in the Park working party with a view to further developing the theme in other areas of community development.
