

6. PROPOSED CHANGE TO ROAD NAMING PROCEDURES

RR 10601

A report by the Environmental Services Manager provided background and comment to a report to the Environment Committee from the Burwood/Pegasus Community Board, recommending changes to the current procedures for road and right-of-way naming. The Committee **decided:**

1. That the Environment Committee reaffirm the present practice of Community Boards exercising their delegated authority to approve or decline road names submitted to the Boards.
2. That Community Boards be invited to contribute a list of suggested road names to the Environmental Services Manager for consideration as road names for future property developments.

It was noted that the full officer's report, together with the delegation detail, are to be supplied to each Community Board.
