

## **22. FERRYMEAD HISTORIC PARK**

The Board considered a report outlining progress on the various land issues involved in the Council's land holdings adjoining Ferrymead Historic Park and outlining recommendations to the Council for the transfer of land to other Council Units and proposals for some potentially surplus land.

The Board **resolved:**

1. To receive the information.
2. To advise the Projects and Property Committee of its support for the action proposed.
3. To recommend to the Projects and Property Committee that, in seeking an appropriate use for the balance land, it hold discussions with the Ferrymead Trust and also with the member Ferrymead Societies.
