

**13. SOUTHSHORE SPIT RESERVE -
DRAFT DEVELOPMENT PLAN**

RR 10494

The Parks Manager presented the draft Development Plan for the Southshore Spit. The plan was produced in response to the local community's desire for a more substantial document to guide development work at the spit. The staff report also addressed the issue of and costs associated with legally defining the spit reserve.

The Committee **decided**:

1. The draft development plan be released for public comment.
2. That the legal definition of the Spit Reserve, to enable its classification as Scenic Reserve be considered as part of the 2000/01 budget round.
