

## **2. DEPUTATIONS BY APPOINTMENT**

### **(A) CHRISTCHURCH-ADELAIDE SISTER CITY COMMITTEE**

Carla Potter, the Committee's youth delegate and Director of BRAT music organisation, reported on her visit to Adelaide from 1-8 March to link the youth of each sister city through the international language of music. Home-hosting was arranged for Carla, who made an incredible number of contacts (including funding agencies South Australian State, South Australian Music Association and the Adelaide Youth Council). Carla is now working on a variety of resulting projects, including the airing of BRAT shows on Adelaide Student Radio 3D from 24 April; weekly exchanges between each city's local music publications of articles on local music in each city; and discussions with Aus Music, who are working towards the inclusion of a music business course in the New Zealand secondary schools' curriculum.

Carla has been invited by the South Australian Music Industry Association (SAMIA) to present the following papers at the Adelaide Music Business Conference: the effect of the introduction of GST on the music industry in New Zealand; women in music; and the New Zealand music industry.
