

20. ARBOR DAY PROGRAMMES

A report from the Environmental Policy and Planning Unit and the Parks Unit reviewed the 1999 programme and sought support for the proposed schools programmes for Arbor Day in 2000.

The Board **resolved**:

1. To support the programme and to approve a grant of \$2,000 from each of the 2000/01 and 2001/02 Discretionary Funds to provide trees for Arbor Day plantings in school grounds in the Shirley/Papanui area and that all high schools in the area be invited to take part.
2. That a report be supplied for the Board at the end of this two year period.
