

3. DEPUTATIONS BY APPOINTMENT

(b) Papanui Kindergarten

Louise Green, Chairperson of the kindergarten, and Jenny Watson, staff member, outlined the kindergarten's current project to upgrade its playground equipment. There were safety concerns with the current equipment and it was hoped to provide a climbing structure and other playground improvements at a total cost of \$14,000.

In explanation an outline was tabled of the running costs of the kindergarten and the sources of income. The amount of \$8,000 had been raised by grants and fundraising, leaving a shortfall of \$6,000 for the project.

Board members made suggestions of possible funding sources and **decided** that a subcommittee comprising the Papanui Board members meet to consider the request and report back to the 3 May meeting with a recommendation.
