

6. ST ALBANS WEB SITE

The Community Development Adviser reported a new initiative proposed for St Albans residents to enable them to connect with one another and internationally via the world wide web. The St Albans Residents' Association has employed a Project Development Co-ordinator under the ACE scheme for an initial six month period. The costs of the project for a six month period were outlined along with some related issues for consideration. A letter from St Albans Resource Centre Management Committee Secretary asking the Board to support the project was tabled.

The Board **decided** that a committee comprising the Chairperson and the Shirley members meet with the St Albans Residents' Association and the Project Co-ordinator to discuss the project and report back to the 3 May meeting.
