

## 11. REVIEW OF ANNUAL PLAN FORMAT

The Financial Services Manager reported, seeking a change to the timing of the review of the Annual Plan format process. In late 1999 the Committee appointed a subcommittee to liaise with staff on possible changes to the format of the Annual Plan. A deferment was sought because the staff who could assist with the review were involved in preparing for the FAMIS Go Live.

The Committee **decided** that the Council Annual Plan format be reviewed in late 2000 and that the review also include a format review of the strategic statement.
