

3. DEPUTATIONS BY APPOINTMENT

(a) Common Ground – Central East Christchurch Arts Quarter

Murray Griffiths of Common Ground, Tony Gray and Brendan Ryan, spoke of their proposal to develop an arts quarter in central east Christchurch, to bring together a spectrum of art-based activity at a single venue on the corner of Fitzgerald Avenue and Gloucester Street.

They saw the conducting of a feasibility study as a logical next step and asked that the City Council consider contributing to its cost.

The Committee **decided** that the Arts Quarter proposal be referred to the Environmental Policy and Planning Unit for comment and a report back to the Committee.
