

**6. WORKS AND TRAFFIC SAFETY COMMITTEE
– REPORTS OF 18 AND 21 JULY 2000**

Consideration was given to the reports and accompanying recommendations of the Committee's meetings held on 18 and 21 July together with the submissions made earlier in the meeting (clause 2.2 refers).

The Board **decided**:

WAIWETU STREET – KERB AND CHANNEL RENEWAL

1. That the recorded factors be incorporated in a modified plan for later review by the Committee followed by further consultation with the local community.
2. That in partnership with the residents, an appropriate survey form be prepared and distributed seeking the residents' views on their possible funding of the undergrounding of overhead services.
3. That the Board Chairman and the Chairman of the Works and Traffic Safety Committee seek to informally discuss with the Chairman and Deputy Chairman of the City Services Committee the matter of a possible Council contribution to underground conversion in Waiwetu Street.
4. That a lower speed zone for the street be considered in the plan.
5. That a marked cycleway be considered in conjunction with an overall cycle strategy for this general area.
6. That advice be sought on the legal submissions relating to the ownership of the strips of road reserve.
7. That staff be asked to present to the Committee an alternative plan(s) that does not utilise the "redundant" road widening presently occupied by the residents.

TEESDALE STREET – PROPOSED THRESHOLD

That the proposed threshold be deferred until November at which time the outcomes of the Council's review on traffic calming should be known along with an update report on traffic behaviour at the intersection.

GUILDFORD STREET – PROPOSED GIVE WAY CONTROL

That it be recommended to the City Services Committee that a Give Way control be placed against Guildford Street at its intersection with Greers Road.

ST ANDREWS SQUARE – PROPOSED THRESHOLD

That the matter of a proposed threshold in St Andrews Square be deferred until 2001.

IDRIS ROAD PURCHASE FOR RESERVE

That the Board's preference for the retention of the former substation building be included in the landscape plan to be circulated to the local community.
