

## 6. CORRESPONDENCE

### NEW ZEALAND COMMUNITY BOARD CONFERENCE LIAISON TEAM

The Board considered a letter from the New Zealand Community Board Conference Liaison Team advising of the response from Community Boards to a questionnaire which had been circulated seeking feedback on:

- (a) the desirability of elected members holding both Councillor and Community Board status at the same time and
- (b) the issue of elected Community Board members not being required to live in the area to which they have been elected and whether this was a matter of concern.

The Board **received** the information.
