### 5.1 CYCLE ACCESS – PORT HILLS ROAD

Mrs Fay Farrant, a resident of Horotane Valley, addressed the Board emphasising the need for a cycle route to take cyclists and especially children cycling from the dangerous area for cyclists which lies under the Tunnel Road overpass. Mrs Farrant suggested that a new cycleway through adjoining land or a cycleway along the railway line would provide alternative and safer routes for cyclists.

The Board **decided** to refer this concern to the City Services Committee for re-evaluation.
