

5. DEPUTATIONS BY APPOINTMENT

5.3 PACIFIC TRUST CANTERBURY

Mr Manu Sione, General Manager of Pacific Trust Canterbury, addressed the Board outlining the health projects and services being promoted by the Trust in order to raise the Board's awareness of the community based mental and child health services provided by this Trust to the Pacific Island community.

The Board thanked Mr Sione for the good work being done in the community by Pacific Trust Canterbury and **received** the information.

In additional discussion it was suggested that a Board Seminar Meeting could be a suitable forum for Pacific Trust Canterbury and for Pacific Island people to present their views and any concerns to the Community Board and the Council. Accordingly, it was **agreed** to invite Mr Sione to attend a future Board Seminar Meeting to allow more in-depth discussions to be held.
