5.4 WOOLSTON CLUB – DRAIN THROUGH CLUB PROPERTY

Mr Peter Donell and Ms Caroline Kellaway of the Woolston Club addressed the Board expressing concerns over the untidy state of Simes Drain where it passes through the Woolston Club's property and urged the Council to give priority to including this drain in its waterway improvements and planting programme, especially where it passes through the Club's playing fields.

The Board **decided** to seek a report on the upgrading and landscaping of that part of Simes Drain which passes through the Woolston Club property.
