

13. NEW ZEALAND'S FIRST CHILDREN'S DAY

The Board considered a report advising of a new initiative of the Social Services and Employment Minister, the Hon. Steve Maharey, in setting a Children's Day for New Zealand on 29 October 2000 and offering the Board the opportunity to consider whether it wished to undertake any particular project to mark this occasion.

The Board **decided** that a Working Party of interested Board members meet the Children's Advocate to consider possible projects to mark Children's Day 2000.
