

8. SPEED LIMIT REVIEW 2000

The Board was in receipt of the proposal to introduce a number of 80 km/h bylaw speed limits on roads in the city.

It is proposed that the Council amend the Christchurch City Traffic and Parking Bylaw 1991 to include additional 80 km/h speed limits in the following streets in the Wigram Ward:

1. Sutherlands Road
2. Cashmere Road (from Kennedy's Bush Road to near Happy Home Road).
3. Hoon Hay Valley Road (from Cashmere Road south for 800 m).
4. Whincops Road (from Halswell Junction Road to near Quaifes Road).

Another speed limit change and proposal involving the 70 km/h limit along Milns Road will be covered by the proposed gazette notice that will be prepared by the LTSA. This procedure will also cover the proposed change in speed limit from 100 km/h to 50 km/h in Nash Road and the southern end of Hoon Hay Valley Road.

The Board **received** the report and agreed that broader issues regarding speed limit matters should be discussed at the Works and Traffic Committee meetings.
