

## 2. DEPUTATIONS BY APPOINTMENT

### 2.2 NEW ZEALAND POLICE

Community Constable Gerry Jackson reported on a recent road fatality that had occurred in Russley Road.

With the Police focus on dealing with house burglaries, Constable Jackson said it was pleasing to report that figures for the September to November period for the Papanui Police District were showing a noticeable reduction in incidents.

With the trends showing a reduction in road fatalities it was suggested that this aspect be given greater publicity by the Police.

A suggestion that the Council initiate an investigation into a suitable facility(ies) for youth in suburban areas as distinct from the central city, was generally supported. Staff undertook to pursue the suggestion.
