

3. ST ANDREWS HILL ROAD – MOBILITY PARK

Officer responsible City Streets Manager	Author Lorraine Wilmshurst, DDI 372 2625
Corporate Plan Output: On Street Management	

The purpose of this report is to recommend to the Council that the mobility park on St Andrews Hill Road be removed.

A request was received earlier in the year from a resident in St Andrews Hill Road for assistance in coping with a disabled child and a mobility park was installed. This child has since died and the family are finding the mobility park a constant reminder and quite distressing.

The family has asked that the mobility park be removed as it is no longer required

Recommendation: That the mobility parking restriction on the north east side of St Andrews Hill Road commencing at a point 66.5 metres from its intersection with Rangitira Terrace and extending in a south easterly direction for a distance of 6 metres be removed.
