

4. PETITION SEEKING RELOCATION OF BUS STOP IN MAIN NORTH ROAD

A petition signed by 119 truck drivers and interested parties was presented to the Board. The prayer of the petition read:

“We would like to have the bus stop relocated further down the road to allow a parking zone for large rigs and private parking, so they can legally park to obtain their RUC and Registration from the Postal Agency ‘Cosy Nook’ Belfast, across the road.

We do not like blocking any accessways for the Church and private properties.”

The Board received the request and referred it to the Area Engineer for investigation, with a report to be made to the February 2001 Board meeting.
