

14. RESIDENTS' ASSOCIATIONS

GOLF LINKS RESIDENTS' GROUP

Janet Begg was in attendance to present a request from the Golf Links Residents' Group on possible strategies for combating graffiti in its area. The report tabled by Ms Begg outlined several possible solutions and strategies for targeting graffiti and tagging. The Residents' Group requested consideration be given to the purchase of a suitable water blaster that could be used by residents' associations to remove graffiti and for the development of a "paint recognition and removal"

manual that would allow residents to treat graffiti in the appropriate manner. The Board **requested** that the Graffiti Co-ordinator maintain contact with the Golf Links Residents' Group to keep it informed of the progress of the city wide strategy on graffiti removal.
