

## 19. HAZAKA COMPOST PLANT NEGOTIATIONS – SUMMARY UPDATE

The Committee was advised of progress and negotiations concerning the possible construction of a Hazaka Compost Plant in Christchurch. The Subcommittee and officers are involved in a complex series of negotiations with Mr Hazaka and his representatives. A further report is expected by the Committee in April. It is essential that money be allocated on the 2000/01 budget for future investigative work for this project.

The Committee **resolved** to recommend to the Annual Plan Working Party that a budget allocation of \$50,000 be provided in the 2000/01 draft Annual Plan.
