

20. DEPUTATION BY APPOINTMENT

20.1 ROSS WITHERS re TUI STREET

Mr Withers of No 14 Tui Street presented submissions to the Board seeking a reconsideration of a previous decision to install angle parking in the vicinity of his property.

Having considered the submission made and after due discussion, the Board **resolved:**

1. That as the provision of angle parking adjacent to the properties at Nos. 14 to 18 Tui Street does not significantly contribute to meeting on-street parking demand, the Board rescinds its decision of 31 August 1999 in favour of allowing street beautification and associated parallel parking adjacent to these properties.
2. That the retention or otherwise of the proposed angle parking outside No.10 Tui Street be left to the Area Engineer to decide upon in consultation with the affected property owners.
