##### **RICCARTON BUSH TRUST**

Members of the Committee were taken on a guided tour of the Riccarton Bush by the Chairman and representatives of the Riccarton Bush Trust.

The Chairman of the Trust, Mr Charles Deans, commented that there was need to look at ways to protect the bush, as it was seen as one of the most important assets the city has, as well as a unique world amenity.

The Trust views on the boundary protection report were advised and the means by which protection might be enforced was discussed with the Committee.
