

**13. HALSWELL SCHOOL LAUNCH
'PART-TIME LIMITS' FUNCTION**

Members expressed concerns that a recent function to launch the part-time speed limit project at Halswell School (Monday, 24 January 2000) did not have invitations sent to all Board members.

The Board Chairperson and one Councillor, only, had received an invitation.

For the past couple of years this Board had been actively promoting the concept; to have Halswell School as a chosen site was seen as a positive result to the Board's efforts.

Any significant event/function, which was being promoted by Council, should be supported with invitations going to all Community Board members.

It was **agreed** that this matter be taken up by the Board Chairperson with the City Manager.
