

15. PAPANUI COMMUNITY FACILITY

A report from the Community Development Adviser informed of the appointment of Ray Sleeman to undertake the feasibility study for a community/recreation facility in Papanui, sought the appointment of members to an Advisory Group and sought further funding for the project. Recent research had identified the need for such a facility in the northern part of the city and the Board had received approaches from three organisations seeking partnerships for the construction of such a centre.

The Board **resolved:**

1. That the information be received.
2. That an Advisory Group be established comprising the Chairperson, Graham Condon and Sally Thompson, with one staff member from each of the Property and Leisure Units, the Community Development Adviser and Community Recreation Adviser.
3. That up to \$4,000 additional funding be allocated towards this project from 1999/2000 Discretionary Funds, the Advisory Group having power to act to confirm the final amount.
