

9. SALISBURY STREET RESERVE

The Board considered a report updating development plans for the new reserve at the Salisbury Street/Barbadoes Street intersection and seeking the suggestion of a suitable name for this reserve. This report had previously been before the Board at its meeting on 31 May 2000. Some additional naming suggestions which had been received from ALPA for the Board's consideration were tabled at the meeting.

The Board **decided** that the Hagley Ward Board members, Anna Crighton, Liz McRostie, Aaron O'Brien and Bob Todd would meet the Parks Planner (Design), Suzanne Weld, on 2 August 2000, immediately before the commencement of the next Board meeting to consider this report and to recommend a name for this reserve to the Board.
