

**23. BROOKLANDS-SPENCERVILLE      PROGRESS      ON      PROPOSED  
VARIATION**

A report from the Planner, Planning Policy, provided progress on a Variation proposed by the Council in its Decision number 107 on the Proposed City Plan Review, in relation to urban growth in the Brooklands/Spencerville areas. Discussions were still to be held with interested parties, from which would be developed an overall strategy and desirable pattern of conservation and development. The Board **received** the information.
