

## 10. RUTLAND STREET KINDERGARTEN

The Deputy Chairperson reported with information to hand since the 31 May meeting, when a grant of \$2,000 was made to the kindergarten towards changes to its outdoor play area. An on-site meeting was held on 14 June when it was ascertained that the total cost of the changes would far exceed the estimate provided in May. The Board **decided** that staff be asked to prepare a list of funding options/sources to assist the kindergarten with this project and that the Board would support applications as necessary.
