

17. ST ALBANS NEIGHBOURHOOD PLAN

A report from the Assistant Planner, Urban Design, provided information about the community response to the draft plan, discussed the concept of the “Golden Suburb” and sought to finalise the contents of the Neighbourhood Plan for St Albans.

The Board **decided:**

1. That the concept of the "Golden Suburb" be given further consideration as to the associated effects of such a concept and the investigation of a strategic planting plan be undertaken.
2. That consideration be given to incorporating a modified "Golden Suburb" concept into the Neighbourhood Plan and the information be referred back to the Friends of the Packe Street Park.
3. That the St Albans Neighbourhood Plan be endorsed in principle on condition that the Richmond Community Cottage Group be consulted.
