

4. 1999/2000 ROADING PROGRAMME

A report from the City Streets Projects Manager provided members with an update on projects in the Board's area which were programmed for the 1999/2000 financial year.

It was **decided**:

1. That the information be received.
2. That a subcommittee comprising Oscar Alpers, Lynda Carter, Phil Clearwater, Sonia Gill, Ian Howell and Sue Wells meet with the Capital Works Project Manager to discuss aspects of this programme and the consultation process, prior to the 1 August Board meeting.
