

9. COMMUNITY DEVELOPMENT AND GENERAL COMMUNITY ACTIVITIES FUNDING

The Board considered a report outlining the issues surrounding the allocation of additional Community Development Funding and suggesting that the Board set up a separate general Community Activities Fund to cater for requests that do not fit into the Community Development criteria. It was recommended that delegated authority be given to the Community Funding Committee to allocate this general Community Activities Fund. Some concerns were expressed at the meeting over this proposed method of distribution.

The Board **decided** to hold over this report for clarification of the implications of the proposal and that this report be brought back to a future meeting of the Board for consideration.
