

## **24. OUTFALL DRAIN/LINWOOD PARK LAND PURCHASE**

The Board considered a report being referred to it for comment to the Parks and Recreation Committee on a proposal for the purchase of two properties in Aldwins Road to facilitate the enhancement of the Linwood outfall drain, to complete the cycleway link to Aldwins Road and to provide better access to Linwood Park.

The Board **resolved** to support the recommendation to the Parks and Recreation Committee that these properties be purchased.
