

1. STANMORE ROAD – PARKING RESTRICTION

Officer responsible City Streets Manager	Author Lorraine Wilmshurst, Area Engineer
Corporate Plan Output: Traffic Management	

The purpose of this report is to recommend to the Council that a P10 and a P30 parking restriction be installed in Stanmore Road.

A restaurant has opened in the old bank building in Stanmore Road between Avalon Street and North Avon Road. The ATM machine from the bank is still available but the small amount of parking in this area is now being occupied for several hours at a time.

To allow for a reasonable turnover of parking in the area and access for customers to the ATM machine some short term parking restriction is required. There are also courier and short term delivery and pick up vehicles to the businesses in the area. The businesses have been contacted and agree that a parking restriction should be imposed.

A P10 parking restriction between Avalon Street and the build out for the pedestrian crossing and a P30 parking restriction from the crossing to the entrance to the Richmond Village carpark would alleviate the parking difficulties being experienced at present.

- Recommendation:**
1. That the parking of vehicles be restricted to a maximum of 10 minutes on the west side of Stanmore Road commencing at a point 5 metres from its intersection with Avalon Street and extending in a northerly direction for a distance of 10 metres.
 2. That the parking of vehicles be restricted to a maximum of 30 minutes on the west side of Stanmore Road commencing at a point 24.5 metres from its intersection with Avalon Street and extending in a northerly direction for a distance of 16 metres.
