

## 10. NEW BRIGHTON BEACH PARK

The Parks Manager submitted a report updating the Committee on the work remaining in the New Brighton Beach Park following the completion of the Pier and the Library.

Limited funding is available over the next five years to implement the plan. However alternative funding sources will be pursued and an application has already been lodged with the Lotteries Board for \$242,000.

The Committee **decided** that a staged implementation plan be submitted to its Annual Plan meeting in February 2001.
