

1. WIGRAM AERODROME MASTER PLANNING CONSULTANT TEAM PRESENTATION

The consultant team appointed by Ngai Tahu Property Group was in attendance at the meeting, to give a presentation of the master plan for further urban development of the Wigram Aerodrome. Various forms of residential development as well as community and commercial facilities and activities have been proposed and it is expected that this master plan and the process of its formulation will be used later in a zone change or variation process within the City Plan review.

It was emphasised how crucial it was that the consultancy team, council, community board and the community liaise together at the early stages as there may only be one opportunity to develop an acceptable vision and strategy for the aerodrome site.

The consultancy team was thanked for its presentation to the community board and it was **decided** that the information be received.
