

3. WAIRAKEI ROAD – TRAFFIC MANAGEMENT/PEDESTRIAN ISLAND

The Board considered a report from the Traffic Engineer setting out details of a reactivated proposal to improve traffic management along Wairakei Road between Stanleys Road and Roydvale Avenue, including the construction of a pedestrian island.

The Board **decided** to support the revised plan as presented. In addition the City Services Committee, subject to satisfactory consultation with businesses in the area, is to be asked to approve the siting of a pedestrian island in Wairakei Road and the implementation of the traffic management plan including a ban on kerb side parking along the south side of the roadway between Stanleys Road and Roydvale Avenue.
