

6. HALSWELL DRAINAGE DISTRICT LIAISON COMMITTEE

The Water Services Manager sought the nomination of a Community Board member, as the Council's representative, onto the Halswell Drainage District Committee.

The District is managed by the Canterbury Regional Council and serves a large (mostly) rural area within the Halswell River catchment.

The Liaison Committee has an advisory role and acts as the 'interface' between ratepayers and the Canterbury Regional Council.

The Board **decided** that Bob Shearing (Mike Mora as his deputy) would be its representative on the Halswell Drainage District Liaison Committee.
