

17. MARSHLAND SCHOOL

The Schools' Advocate for the City Streets Unit reported, seeking approval to fund the cost of one permanent warning school sign outside the Marshland School on Prestons Road, similar to those being used outside the five schools in the new 40 km/h part-time school speed zone trial.

The Board **resolved**:

1. That approval be given for provision of a fluorescent yellow/green PW-32 school sign to be provided at the Marshland School at a cost of \$275 to come from 1999/00 Discretionary Funds.
2. That the Marshland School be commended on its proactive stance on road safety on the busy Prestons Road.
