

13. DEPUTATIONS BY APPOINTMENT

(b) Proposed Closure of Avonside Drive

Irinka Britnell (Englefield Neighbourhood Committee) and Donna Allfrey (Avon Loop Planning Association) spoke regarding the possible closure of Avonside Drive to through traffic.

A suggested development providing for walkways, cycleway, car parking and a boat launching area was suggested instead and the representatives expressed their concern that at present traffic was directed into Avonside Drive as an arterial route including heavy traffic which affected house foundations.

The representations from the Residents' Association were considered in association with clause 8 of the agenda.
