

4. DEPUTATIONS BY APPOINTMENT

- (c) Margaret Jeffries, supported by Beryl Anderson, briefed the Committee on the Spirit at Work in New Zealand Conference, set down for 27-29 October 2000 in Christchurch.

A conference about “building workplaces that capture the hearts of those who work within them, where the whole person is valued and enabled to contribute to their full potential, thus connecting and contributing to the whole of life”.

Ms Jeffries suggested that endorsement by the Council would raise the profile of the conference.

The Committee **decided:**

- (i) That the information be received.
- (ii) That the Youth Advocate and Community Services Adviser report back to the Committee on possible endorsement.
