

22. LINWOOD AVENUE/CITY OUTFALL DRAIN REALIGNMENT

The Board considered a report being referred to it for comment and to the Parks and Recreation Committee for recommendation to the Council. The purpose of the report was to outline the acquisition of a property to provide for the realignment and associated enhancement of the Linwood Avenue canal.

The Board **resolved** to support the acquisition of the property situated in Dyers Road on the terms and conditions outlined in the public excluded section of the report.
