

12. CYCLE PROJECT PLANNING FOR RICCARTON/WIGRAM AREA

The Board considered cycle projects proposed for the Riccarton/Wigram area.

As a result of the cycle network planning process conducted over the last couple of years, a number of projects have been identified for the Riccarton/Wigram Community Board area.

Cycleways capital funding has been allocated according to the priorities listed. However it should be noted that a number of projects lie on roads that are programmed for upgrading or kerb and channel work. Regardless of cycle route priority, where such work is programmed, cycle facilities or provision will be incorporated.

A full list of projects of routes in the Riccarton/Wigram area, and the likely time-frame for their implementation was received.

The Board **received** the information.
