

12. PARKING STRATEGY PUBLIC CONSULTATION

The Board considered a report on the proposed public consultation process to be undertaken as a first stage in the preparation of a city-wide parking strategy. This parking strategy is to provide a structured approach to decision making regarding the control of parking and loading. A discussion document has been prepared for distribution to interested parties for comment.

The Board **decided** that a meeting be held with affected parties including Papanui businesses to discuss the Council's parking strategy and provide feedback, as part of the proposed consultation process.
